Re: Clean-up of Industrial Park

Little Shuswap Lake Band, BC – LSLB Lands Department anticipates to start the clean-up of the Light Industrial Area in preparation for the designation in 2022 for leasing opportunities. The land is situated along the west side of Squilax-Anglemont Rd near the RaceTrac Gas Station, it will cost \$363,515.46 to complete this project. The contract to carry out the cleanup has been awarded to Skwlax Resource Management and will begin as soon as possible. By the end of this project and with the Designation in place, the land will then be ready to get leases in place and registered properly with Indigenous Services Canada.

It is hoped that this cost will be absorbed through a legal action against the previous tenant's insurance company and the previous tenant of this property.
